Chris Bullock Bio

Chris Bullock is a cyber security entrepreneur, award winning Chief InformationSecurity Officer and a decorated law enforcement veteran. Chris is the founder, CEO, and Managing Member of Cyber Investigations and Intelligence Agency ('CI2A'), a company that provides highly specialized Advisory CISO services, cyber security, intelligence analysis, and cyber investigative services from the unique approach of cyber criminology, cyber victimology, and technology. Chris holds an Associate of Applied Science Degree from Clayton State University in Electronic Technology and holds a Bachelor Degree in Criminal Justice (cum laude) from Reinhardt University. Chris is currently completing his Master of Science Degree inCyber Crime from the University of South Florida (USF).

Chris is a leader and program builder and has built and managed successful cybersecurity programs at large and small organizations across many business verticals and government and has trained and mentored many cyber security professionals who went on to successful cyber security careers. Chris started his cybersecurity career as the creator and executive leader of the cybersecurity andphysical security program of a large, Atlanta based financial services company.

Chris managed the logical and physical security for large banking institution's most sensitive systems and data. Chris has created and lead complex corporate forensic programs, Hybrid-Security Operations Center (H-SOC), and conducted sensitive criminal and civil digital forensic investigations both in the private and public sector. Chris frequently speaks and writes to contribute and further the profession of cyber security and cyber criminology. Chris was voted "85th Top Ranking CISO in the U.S." in 2012. Chris has provided advisory services for CISO's and CSO's globally and created a revolutionary concept coining the terms Cyber Executive Protection and CyberVIP Protection™. Chris and his firm work with highwealth, high notoriety, VIP's, celebrities, and their families who are at elevated risk of physical and cyber based attacks to protect them in cyberspace. Chris is a member of the National White-Collar Crime Center (NW3C) and is certified through NW3C as a 3CE. Chris also holds the certifications of CISSP, CCE, CCFT, GWAPT, GaCSI Instructor and is a certified and sworn police officer.

Chris has over three decades of decorated law enforcement experience and wasattached as an affiliate member of the G.B.I. Internet Crimes Against Children Task Force for over a decade where he investigated and arrested child predatorsand other heinous cyber criminals.
